MEMORANDUM
of Agreement between
University «Cassino» (Italy)
And
Almaty University of Power Engineering and Telecommunication
(The Republic of Kazakhstan)

University «Cassino» (Italy), on the one hand, and Almaty University of Power Engineering and Telecommunication, on the other hand, hereinafter referred to as the “Parties”, desiring to promote friendship, trust and cooperation between peoples of Kazakhstan and Italy and having common goals in the field of higher education and scientific research, HAVE AGREED to the following principles of cooperation:

Article 1

The purpose of the present Memorandum is to develop international cooperation in the fields of education, research and professors and students exchanges.

Article 2

For realization of the purpose of the present Memorandum, both Parties shall:
- promote the exchange of doctoral students, master students and professors;
- encourage the establishment of scientific cooperation in the spheres of mutual interest;
- render the mutual assistance in upgrading the scientific qualification of doctoral students, master students and professors;
- provide for students of both universities getting the joint diplomas of the Parties;
- exchange the experience in advanced teaching methods development;
- promote the exchange of publications and materials on current research;
- organize the bilateral joint symposiums, seminars and conferences;
- carry out joint projects and programs.

Article 3

The Parties agree that cooperation shall be carried out between two higher educational institutions as a whole and between their structural departments or certain employees in the form most acceptable for both Parties.
Article 4

The Parties agree that the scientific cooperation shall be carried out on the basis of joint programs which shall be signed by representative of the both higher educational institutions after coordination of conditions, subjects and participants of the scientific cooperation.

Article 5

The Parties shall carry out academic exchanges under the mutual coordination on the basis of the individual invitations.

Article 6

The present Memorandum shall enter into force on signature and shall remain in force for the period of 5 (five) years. The present Memorandum cannot be modified or amended without mutual agreement of both Parties. All modifications and amendments should be stated in written form and signed by the Parties.

To prolong the present Memorandum the Parties shall give written notice to each other six months prior to the expiration of the present Memorandum.

Each Party may denounced the present Memorandum at any time by written notification addressed to the other Party one month prior to its denunciation.

Article 7

This Memorandum is made in three copies in English, Kazakh and Russian languages, each of which shall have identical validity and shall be communicated to each Party.

Memorandum for Establishing International Joint Research
Laboratory of Service Robotics
Between
University of Cassino and South Latium
and
Almaty University of Power Engineering and Telecommunication

In accordance with a mutual desire to establish an International Joint Research Laboratory of Service Robotics between UNIVERSITY OF CASSINO AND SOUTH LATIUM (UCLAM) and ALMATY UNIVERSITY OF POWER ENGINEERING AND TELECOMMUNICATION (AUPET), the undersigned parties agree to cooperate through research and study in furtherance of the advancement of learning as stated below.

ARTICLE 1
International Joint Research Laboratory of Service Robotics is mainly established based on University of Cassino and South Latium and Almaty University of Power Engineering and Telecommunication. The technical Italian side is the LARM: Laboratory of Robotics and Mechatronics and in Kazakhstan side is the Laboratory of Intelligent Robotic Systems.

ARTICLE 2
Based on the Joint Research Laboratory, all sides agree to promote the following activities:
1. Development of funded projects from both countries and industries.
2. Conducting collaborative research in designed projects of mutual interest;
3. Exchange research information on wide range of materials research and applications;
4. Exchange research personals according to the needs of research programs by using the resources of funded projects;
5. Conducting joint and collaborative supervision of students;
6. Holding joint academic symposia and international conferences.

ARTICLE 3
Research room space and facilities should be arranged and prepared by both universities for the International joint research laboratory within the frame of the collaborative above-mentioned units.

ARTICLE 4
Both Universities agree to review the Memorandum of understanding after five years following the date of signing, and acknowledge that this Memorandum is subject to revision and termination at any time by mutual consent or by six months' notice by either party. Renewal may be negotiated during the final year of the agreement.
