Erasmus + International Credit Mobility (ICM)
Call for the assignment of students' mobility grants for study
2024-2025

Art. 1 – Aims of Erasmus + International Credit Mobility

Within the "International Credit Mobility" (ICM) of the Erasmus + Programme (Key Action 1 – Learning Mobility of Individuals) the Higher Education Institutions may allow mobility actions from and towards the Partner Countries, with which have signed an Erasmus + Interinstitutional Agreement.

Art. 2 – Available positions

Within the agreement n. 2022-1-IT02-KA171-HED-000075030 (CUP H31I22000860006) signed with the Erasmus + National Agency, the University of Cassino and Southern Lazio (UNICAS) allows mobility for study for incoming students between UNICAS and the *A. Usikov Institute of Radiophysics and Electronics, National Academy of Sciences of Ukraine* in Kharkiv (Ukraine).

Available positions:

Study Level of the applicants	FIELD OF STUDY	Number of mobilities from Partner Country to UNICAS (months)
Master	0714 electronics and Automation	1 (3 months)

Art. 3 – Mobility period

The mobility activities for study or thesis work must be completed by **July 2025**.

The mobility can be either physical, or blended, in compliance with the information provided by the host university through the International Relations Office.

Blended mobility is a combination of physical mobility with a virtual component facilitating a collaborative online learning exchange and teamwork. For example, the virtual component can bring learners together online from different countries and study fields to follow online courses or work collectively and simultaneously on assignments that are recognized as part of their studies.

Physical mobility: the mobility is carried out at UNICAS; activities are "in presence".

Blended mobility: the mobility period can be made up by both a virtual and a mandatory physical mobility of at least 2 months.

Art. 4 – Grant amount

The amount of the mobility grant for incoming students (from Partner Country to UNICAS), in accordance with Erasmus + guidelines, is made up of a contribution for travel (see table below "Travel support") and a monthly scholarship for subsistence costs as follow:

Subsistence costs	Travel support	Green travel support
850,00 /month (30 days)	€ 275,00	€ 320,00

Students who opt for a Green Travel (the travel that uses low-emissions means of transport for the main part of the travel, such as bus, train or car-pooling) will receive the support for green travel and up to 4 days of additional individual support to cover travel days for a return trip, if relevant.

Grant amounts are computed according to the days of stay in Italy.

Zero-grant mobility is allowed.

Erasmus + KA171 grant beneficiaries cannot be supported by other grants from other programmes and/or actions financed by the European Union for the same activity.

UNICAS provides to the incoming students an insurance covering accidents, civil liability and other guarantees provided for by European legislation for students in Erasmus mobility.

The beneficiary will not receive any grant for virtual mobility.

Physical mobility will be granted for the days attended abroad (according to the number of days stated in the certificate of attendance issued by the host university).

Blended mobility will be granted only for the days attended in the receiving country (according to the number of days stated in the certificate of attendance issued by the host university).

ADDITIONAL SUPPORT FOR PARTICIPANTS WITH FEWER OPPORTUNITIES. To allow the participation in the mobility of the students in particular physical, social, economic, geographical, mental or health related conditions is available an additional support of euro 250,00 per month for maximum one student.

ADDITIONAL GRANT SUPPORT - Extra funding for students with special needs and disabilities may be provided in order to cover the supplementary costs for their participation in the mobility activities. For students with special needs, the grant support may therefore be higher than the maximum individual grant amounts set out. The disability should be communicated through the application form.

Art. 5 – Admission requirements

Students may apply for this call if they are regularly enrolled in their home Institution. Students who have already participated in Erasmus mobility programmes may participate. However, the same student may participate in mobility periods totaling up to 12 months maximum per each cycle of study, independently of the number and type of mobility activities.

To be admitted, students must be proficient in English.

Art. 6 – How to apply

The application form must be COMPLETED DIGITALLY and its attachments must be uploaded through the form available on the website

Art. 8 – Evaluation criteria and applications assessment

Only those candidates whose applications have been properly submitted will be considered eligible for the assessment. The selection committee will examine the documentation received and will draw up a ranking according to the following criteria.

Within seven calendar days from the publication of the rankings, the beneficiaries of the grants must confirm acceptance of the scholarship by giving notice by email to the address as indicated below.

The student can start the mobility ONLY after the acceptance of the grant and the subscription of the Erasmus mobility agreement.

After that time, the students who have not communicated their acceptance will be excluded from the list of the beneficiaries. Erasmus student status and ownership of the Erasmus grant will be acquired at a second stage, soon after signing the financial contract.
