THE RECTOR

ON PROPOSAL of the Research Sector - Doctoral and Research Grant Office;

GIVEN the Statute of the Università degli Studi di Cassino e del Lazio Meridionale issued by D.R. n. 661 of July 26, 2018;

GIVEN the Law n. 240 of December 30, 2010 on “Norme in materia di organizzazione delle Università, di personale accademico e reclutamento, nonché delega al Governo per incentivare la qualità e l'efficienza del sistema universitario” and in particular the Art. 22 on “Assegni di ricerca” (Research grants, in the following);

GIVEN the D.R. n. 267 of June 07, 2011, issuing the current Regulations for the assignment of Research grants, modified by D.R. n. 883 of December 02, 2019;

GIVEN the D.R. n. 1053 of December 16, 2021 that approve the activation of one Research grant at the Dipartimento di Ingegneria Elettrica e dell'Informazione, of duration to be determined according to the available resources, titled “Development of control algorithms for mobile manipulators aimed at precision and collaborative agriculture applications” - SSD ING-INF/04 (Automatica), under the scientific responsibility of Prof. Alessandro Marino;

GIVEN the D.R. n. 100 del February 02, 2022 with which the acts of the above selection were approved and Dr. Alaa Mohamed Abdelmoaty KHALIFA declared eligible;

GIVEN the note of February 21, 2022, acquired with prot. n. 3930 of February 22, 2022, with which the aforementioned Dr. Alaa Mohamed Abdelmoaty KHALIFA communicated his desire to renounce to the position;

GIVEN the note, prot. 4008 of February 23, 2022, with which the Dipartimento di Ingegneria Elettrica e dell'Informazione announced that the Department Council, in the session held on the same date, approved the request of prof. Alessandro Marino to reopen the terms of the call and increase the amount of the grant to € 30000,00;

CONSIDERED appropriate to accept the aforementioned request.

DECRETA

Art. 1

The call is reopened, from March 11, 2022 to April 11, 2022, for the presentation of applications to participate in the public selection, announced with D.R. n. 1053 of December 16, 2021, for the awarding of a research grant at the Dipartimento di Ingegneria Elettrica e dell'Informazione, lasting 12 months, entitled “Development of control algorithms for mobile manipulators aimed at precision and collaborative agriculture applications” - SSD: ING-INF / 04 (Automatica), whose scientific responsible is Prof. Alessandro Marino.

Art. 2

The interviews will be held on April 27, 2022 at 09:30am, at the Dipartimento di Ingegneria Elettrica e dell'Informazione, via G. Di Biasio - Cassino (FR).

At the disposal of the University, the interviews can be carried out electronically. In this case, a communication will be sent to the candidates.

Art. 3

The gross amount of the Research grant is increased to € 30000,00 including all the expenses to be charged to the Administration, and will burden funds of the project CANOPIES for which is responsible Prof. Alessandro Marino (commitment n. 3459/2021 for an amount of € 21169,12, n. 3460/2021 of €
4830,88, n. 484/2022 of € 743,14 and n. 485/2022 of € 3256,86) - CUP: F89C20000530006. The grant will be paid in equal-amount monthly rates.

Art. 4

For matters not covered by this decree, the provisions of the D.R. n. 1053 of 16.12.2021 hold. This decree is included in the official internal collection of this University.

Cassino,  10/03/2022

THE RECTOR
Prof. Marco DELL’ISOLA

Il Responsabile del Settore
Dott.ssa Carla Manzo
