Erasmus+ International Credit Mobility (ICM) Call for the assignment of incoming students' mobility for study from the Khalifa University of Science and Technology in the United Arab Emirates KA171/2023 - Project n. 139082

Art. 1 – Aims of Erasmus+ International Credit Mobility

Within the “International Credit Mobility” (ICM) of the Erasmus+ Programme (Key Action 1 – Learning Mobility of Individuals) the Higher Education Institutions may allow mobility actions from and towards the Partner Countries, with which they have signed an Erasmus+ Interinstitutional Agreement.

Within the project n. 2023-1-IT02-KA171-HED-000139082 and this call, UNICAS allows mobility for study for incoming doctoral students (after students) between UNICAS and the Khalifa University of Science and Technology in the United Arab Emirates.

Art. 2 – Available positions

Within this call, UNICAS allows mobility positions for incoming students according to the following table:

FROM	TO	Study Level of the applicants	FIELD OF STUDY	Number of mobilities (total months)
United Arab Emirates	UNICAS	EQF 8	0714 Electronics and automation 0441 Physics	5 (15 months)

Art. 3 – Mobility period

The mobility activities must be completed by **July 31st, 2026**.

The mobility can be either physical or blended: the physical mobility is carried out at UNICAS where activities are “in presence”; the blended mobility is a combination of physical mobility, of at least 2 months, with a virtual component facilitating a collaborative online learning exchange and teamwork, in compliance with the information provided by the host university.

Art. 4 – Grant amount

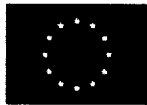

The amount of the mobility grant for incoming students (from Partner Country to UNICAS), in accordance with Erasmus+ guidelines, is made up of a contribution for travel (see table below “Travel support”) and a monthly scholarship for subsistence costs as follow:

SENDING INSTITUTION	Subsistence costs	Travel support
United Arab Emirates	850,00 /month (30 days)	€ 820,00

Grant amounts are computed according to the days of stay in Italy (physical mobility), according to the number of days stated in the certificate of attendance issued by UNICAS.

Blended mobility will be granted only for the days attended in presence in the receiving country (according to the number of days stated in the certificate of attendance issued by the host university).

The beneficiary will not receive any grant for virtual mobility.

Erasmus+

UNIVERSITÀ DEGLI STUDI
DI CASSINO E DEL LAZIO MERIDIONALE

Zero-grant mobility is allowed.

Erasmus+ KA171 grant beneficiaries cannot be supported by other grants from other programmes and/or actions financed by the European Union for the same activity.

UNICAS provides to the incoming students an insurance covering accidents, civil liability and other guarantees provided for by European legislation for students in Erasmus mobility.

ADDITIONAL SUPPORT FOR PARTICIPANTS WITH FEWER OPPORTUNITIES - To allow the participation in the mobility of the students in particular physical, social, economic, geographical, mental or health-related conditions is available additional support of euro 250,00 per month.

ADDITIONAL GRANT SUPPORT - Extra funding for students with special needs and disabilities may be provided in order to cover the supplementary costs for their participation in the mobility activities. For students with special needs, the grant support may, therefore, be higher than the maximum individual grant amounts set out. The disability should be communicated through the application form.

Art. 5 – Admission requirements

Students may apply for this call if they are regularly enrolled in their home Institution.

Candidates must be proficient in English.

Candidates may participate in the mobility periods of this call provided that they will not total more than 12 months maximum per each cycle of study, independently of the number and type of mobility activities.

Priority will be given to students who carry out the mobility for the first time.

Art. 7 – Selection committee

The selection committee is appointed by the UNICAS Rector. It may include representatives of the Partner Institutions or receive from them a pre-evaluation of the students who applied for mobility coming from their own institution. The final selection decision will also consider cross-cutting evaluation criteria such as gender balance, equal opportunities and participation of disadvantaged groups (disabled students, economically disadvantaged students).

Art. 8 – Evaluation criteria and applications assessment

Only those candidates whose applications have been properly submitted will be considered eligible for the assessment. The selection committee will examine the documentation received and will draw up a ranking according to the following criteria:

- English level.
- Ph.D. programme of research.
- Motivation.

The selection committee might decide to interview the candidates to assess their motivation and language proficiency through Skype or video conferencing.

The final selection decision will also consider cross-cutting evaluation criteria such as gender balance, equal opportunities and participation of disadvantaged groups (disabled students, economically disadvantaged students).

Within 30 days from the deadline for submitting applications, the final ranking of the selected students will be published on the UNICAS website. The publication will constitute official communication.

Art. 9 – Before the mobility

From the ranking publication, eligible students have seven days to accept the assigned mobility. After that time, the students who have not communicated their acceptance will be excluded from the list of beneficiaries. Students, in a timely manner after their arrival in the receiving institution, will be required to sign the Erasmus mobility agreement with the University of Cassino and Southern Lazio containing the minimum clauses defined by the European Commission. The Erasmus Office will communicate to beneficiaries the methods for acquiring the document.

Art. 10 – Requirements regarding Visa and Residence Permits

Participants in Erasmus+ projects may need to obtain a visa for staying abroad in the EU Member States hosting the activity. It is strongly recommended that the authorisations are requested in advance, since the process may take several weeks. It is a responsibility of all the participating organisations to ensure that the authorisations required (short or long-term stay visas or residence permits) are in order before the planned activity takes place.

The EU Immigration Portal contains general information on visa and residence permits, for both short-term and long-term stays: <https://ec.europa.eu/immigration/>.

In order to start the mobility and benefit from the grant, students must have a regular document to stay in Italy.
