

EUt+ WEBINAR

EXTRAS ANALYTICAL TOOLS

The European Research Office (ERO) is pleased to invite you to an online open seminar titled **“EUt+ EXTRAS Analytical Tools”**.

Developed by CUT within the **EUt+ EXTRAS project**, the Analytical Tools provide **research intelligence** to support strategic decision-making across the EUt+ Alliance. They offer **insights into research activity, performance benchmarking, collaboration opportunities**, and alignment with the **UN Sustainable Development Goals (SDGs)**.

The session will be delivered by **Dr Costantinos Tziouvas**, Assistant Professor at the Department of Communication and Internet Studies at Cyprus University of Technology (CUT), and co-developer of the EUt+ EXTRAS Analytical Tools.

This seminar is primarily addressed to Academic Staff and Researchers, as well as to research support staff and all colleagues interested in research intelligence, strategic planning, and collaboration opportunities within EUt+.

 **Wednesday, 11 February 2026**

 **13:30 (EET – Cyprus time)**

 **Microsoft Teams**
Meeting ID: 380 432 216 608 28
Passcode: cr2zX6Yi
