Aon Student Insurance

We offer a comprehensive insurance package that is inclusive to all persons going abroad for educational purposes. Based on the situation of the person, we provide the right advise for the right cover. This includes international students, but also academic staff and/or accompanying partners and children. Our insurance package provides worldwide cover and includes almost every risk imaginable during the time a person studies or does an internship abroad.

Assistance and claims

Our dedicated assistance company, which is available 24/7, operates in various languages and assists students in finding a suitable hospital, arranging a guarantee of payment for treatment or arranging (medical) repatriation. If expenses are paid up front, the student can easily claim these online. As we handle all claims in our own office, we can ensure the best claims-handling service.

Online service

Aon has developed an online environment for universities in which you can easily verify and administrate the insurance of all your international students. The student will receive their insurance directly once administrated and will receive access to their personal online account in which they will find all their insurance information and in which they can file their claims. The access to the online environment is properly secured to protect any personal information.

Tailor-made solution

A more tailor-made insurance package may be needed, based on the demands of students and/or host locations. As Aon is well known for its flexibility, we are always open to discuss specific needs and advise you on the best solution.

Erasmus Mundus Joint Master Degree (EMJMD+)

Due to specific EACEA requirements for EMJMD+ and the program structure, we provide a specific insurance solution to EMJMD+ programs to fulfill the EACEA requirements and make sure the students are well-insured during the entire program.
