

Invitation:

meet@h_da 2025:

the Darmstadt University of Applied Sciences Career Fair

Are you looking for an internship, a job, or simply want to connect with companies operating in Germany?

Darmstadt University of Applied Sciences will be hosting its career fair meet@h_da from 18 - 20 November 2025 (20 online only) from 10 a.m. - 4 p.m. CET.

As a student of a European partner university of the Darmstadt University of Applied Sciences, you also have the opportunity to participate in the fair, conveniently online from the comfort of your own home.

We cordially invite you to participate!

All you have to do is to register on the **Talentefinder** career platform, and you're ready to go.

Through matchmaking with companies, you have the opportunity to connect with exhibitors until November 20st, 2025, without going through the typical application hurdles.

TALENTEFINDER:

- **Like – Match – Arrange a personal meeting**

Talentefinder is a browser-based app that can be conveniently opened in your browser - no download necessary.

- **Like and get likes**

Candidates and companies can swipe through profiles in the applicant tool until they find an interesting one. With one click on "Like," both sides are one step closer to a match.

To increase the attractiveness of your own profile, it is helpful to enter as much information as possible, such as your CV. This increases the likelihood of a company liking you and thus a match.

- **It's a match!**

If both the candidate and the company click on "Like," a match is created. Both sides find each other interesting and want to get to know each other better. Now you have the opportunity to chat with each other for the first time.

- **Arrange appointments**

As a candidate, you can get to know companies better in the chat and, for example, arrange a meeting for a video chat using the integrated appointment tool.

- **Notifications**

Each user actively receives notifications about new messages or matches.

- **Job Wall**

Search the Job Wall for offers that interest you.

Job offers are filtered on the Job Wall and thus displayed to suit your needs.

- **Dashboard**

All activities such as matches, dates, and new profiles can be found on the dashboard.
